A. Reason for the waiver/deregulation request (be specific).

We would like to request a deregulation for OAC 210:35-5-42. We have an In School Detention Teacher that often does not have any students. Because of scheduling problems we were not able to give him a plan time. We spoke with the teacher and asked him if it was acceptable to pay him for his plan time. He was ecstatic because of the tremendous increase in salary.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

This is the best use of district funds

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

We anticipate no effect on performance levels of students.

From: Ninnekah Public School

Re: Deregulation

We are asking the State Department of education to allow Ninnekah Schools to buy our junior high school teacher Cathryn Harmon's planning period. We're asking to use her during her planning period, to teach a remediation class.

Deregulation for planning period: 210:359-41

A minimum of 225 minutes of scheduled class time shall be provided each week for each classroom teacher, for individual planning and/or preparation and consultation during the instructional day.

What materials we do not have to remediate students will be purchased as needed to teach this course.

We plan to provide a report to the S.D.E. prior to July 1, 2015 of the effectiveness of this process.

We will be paying the before mentioned teacher 1/7 of his teaching salary. In addition each teacher has to report to work by 8:00am, class doesn't start until 8:25. This allows for twenty-five minutes planning time. Class ends at 3:15 pm; teachers are not allowed to leave until 3:35 pm. This allows for an additional twenty minutes of plan time, for a total of 225 minutes of plan each week.

This will be done for the 2014 - 2015 school year only.

Sincerely,

Todd Bunch
Superintendent

Re: Deregulation

We are asking the State Department of education to allow Ninnekah Schools to buy our high school business teacher Carla Busby's planning period. We're asking the state department of education to allow our district to use her during her planning period, to assist Mr. Owens our algebra teacher in teaching and remediating an algebra class.

Deregulation for planning period: 210:359-41

A minimum of 225 minutes of scheduled class time shall be provided each week for each classroom teacher, for individual planning and/or preparation and consultation during the instructional day.

What materials we do not have to remediate students will be purchased as needed to teach this course.

We plan to provide a report to the S.D.E. prior to July 1, 2015 of the effectiveness of this process.

We will be paying the before mentioned teacher 1/7 of his teaching salary. In addition each teacher has to report to work by 8:00am, class doesn't start until 8:25. This allows for twenty-five minutes planning time. Class ends at 3:15 pm; teachers are not allowed to leave until 3:35 pm. This allows for an additional twenty minutes of plan time, for a total of 225 minutes of plan each week.

This will be done for the 2014 - 2015 school year only.

Sincerely,

Todd Bunch
Superintendent
