Walters to Seek Emergency Suspension of Western Heights Pedophile’s Teaching Certificate

Oklahoma City, Okla – State Superintendent Ryan Walters announced today that he will seek emergency suspension of the teaching certificate of Hao Jiang, a Western Heights School District teacher, at the January 25 State Board of Education meeting.

“I will not allow this clear danger to our students to continue having unfettered access to our education system or the students it serves,” said Walters. “This horrific behavior has no place in our communities and absolutely no place in our schools. We must act swiftly, and I will do everything possible to protect our kids.”
