OKMTSS ON EDPLAN

Oklahoma State Department of Education Presents
OKMTSS Back to School Professional Learning.

Back to School 2024

OKMTSS on EDPlan

This series of trainings are intended to support districts as they navigate using OKMTSS on EDPlan to be the data management tool for their MTSS systems. Districts should determine if they are in the beginning implementation, partially implemented, or fully implemented stages of MTSS as a district.

Sessions will be repeated over time and districts should consider their time, capacity, and needs as they determine their necessary methods of scaling and cohorting their staff to begin implementation of this tool.

OKMTSS on EDPlan: Intervention Management

An introduction to OKMTSS on EDPlan focused on intervention management.

EVENT DETAILS & REGISTRATION

[August 21](#), [September 10](#), [October 15](#)

OKMTSS on EDPlan: Early Warning Dashboard & Intervention Management System

Learn how OKMTSS on EDPlan integrates data and intervention management to maximize student achievement.
