# Scheduling Tests

- The G3 testing window is April 15 - May 15.
- To receive early RSA reporting for Grade 3 ELA, these tests must be completed and submitted by **April 25**.
- There will be no preliminary reports this year in Grades 3-8 except for RSA & Science. We will hold Standard Setting this June for Grades 3-8 ELA and Math.
- We will need some excellent teachers in Grades 3-8 ELA & Math to participate in Standard Setting this summer – in addition to our usual Item Review Committees in all grade levels and content areas.

# Science Updates

Samantha Sheppard, Project Manager, Science Assessments

# Science Updates

- New Performance Level Descriptors (PLDs) are available
  - [Grade 5 and 8](#)
  - [Grade 11](#)
- TEIs (Technology Enhanced Items) will be in Grades 5, 8, and 11.
- The periodic table for the Grade 11 Science Test is embedded into the online platform.
  - A printable version of the [periodic table](#) for Grade 11 can be found on the Cognia Help and Support site.
- The [OSTP Calculator Policy](#) was updated.

# ELA Updates

Alyssa Tyra, Project Manager, ELA Assessments

# ELA Updates

- Grades 3-8 will test online—unless approved for accommodations.
- Remember that the Non-standard accommodation for ELA Read-Aloud or TTS must be approved by the state.
- The Non-standard Accommodation application is available on Single Sign On from December 1 – February 1 annually.
- All grades have technology-enhanced items this year.
- TEI and constructed response item examples on 3-8 practice tests. (No CRs in grades 5 and 8)
- The 2021 ELA standards will be assessed this Spring.

# Math Updates

Corinne Beasler, Project Manager, Mathematics Assessments

# Math Updates

- Grades 3-8 Math will be administered **online**.
- The 2022 Math standards will be assessed this Spring.
- Cluster Items are Operational for grades 3-8.
- Technology-enhanced items for grades 3-8.
- Formula reference sheets grades 6-8
  - [Grade 6](#) | [Grade 7](#) | [Grade 8](#)
- The [OSTP Calculator Policy](#) was updated to reflect the addition of [desmos](#).

- The testing window is open until **December 15, 2023**
- For more information, check out the [Oklahoma ACT WorkKeys webpage](#).

# EL Updates

Catherine Boomer, Program Director, State Assessments

# OSTP English Learner Participation and Accommodation

- English Learners are not exempt from OSTP assessments.
- Online OSTP assessments are available in Spanish in all grade levels and content areas except ELA.
- Paper OSTP assessments are only available in English.

# OSTP English Learner Participation and Accommodation Continued

- For additional information regarding specific EL student testing accommodations and their allowability, please refer to the updated [2023-2024 OSTP EL Accommodations Manual](#)
- Note that the accommodations contained in the above document are specific to OSTP assessment. For information related to WIDA ACCESS accommodations, please refer to the [2023-2024 WIDA Accessibility and Accommodations Manual](#)
- Electronic OSTP [Parent Student Teacher Guides](#) (PSTGs) are available in both Spanish and English for parent/guardian reference

# WIDA Testing Window

- The WIDA testing window will be open from **January 8, 2024, through March 22, 2024.**
- All K-12 English Learner (EL) students are required to participate in the ACCESS or Alternate ACCESS assessment.
- EL students will be automatically uploaded to the WIDA AMS system on **December 1, 2023.**
- For assistance with any WIDA or EL-related questions, please contact the OSDE Office of English Language Proficiency at (405) 522-5073.

# OAAP/Accommodations Updates

Caroline Misner, Project Manager, OAAP

# Oklahoma Alternate Assessment Program (OAAP)

- Test Administrator Training is Open
  - [2023-2024 List of Required Training for Returning Test Administrators](#)
  - [2023-2024 List of Required Training for New Test Administrators](#)
  - Training must be completed prior to administering assessments.
  - Training is now accessed through Kite Educator Portal.
- Instructionally Embedded Assessment Window is available until **February 23, 2024**.
  - This assessment allows teachers to select the Essential Elements they want to assess and helps guide instruction.

# Oklahoma Alternate Assessment Program (OAAP) Tiered Monitoring Information

The plan is to notify districts by mid-December regarding their OAAP participation percentage for tiered monitoring.

- There will be different expectations for districts that were previously identified and completed the monitoring requirements last year.
- Newly identified districts will follow the same plan that was in place last year.

All of this information will be sent out in the notification letter that will be sent to Special Education Directors and Superintendents.

# IEP/504 Accommodation Updates

- Revisions to clarify language have been made to the OSTP IEP/504 Plan Accommodations Manual and can be found in the [change log](#).
- Please review IEPs and 504 Plans to ensure students are using the accommodations listed on a regular basis. If accommodations are not being utilized by a student, please remove the accommodations prior to testing.
- We highly encourage teachers to have students utilize the practice test. This allows students to become familiar with the accommodations they will have access to in the testing platform. Although students should be familiar with the accommodations from regular use, the accommodations in the testing platform may differ slightly from what they normally use in the classroom.

# Programmatic Updates

Eric Jones, Program Manager, State Assessments

# DTC Update Webinars

- **Dec 13, 2023, 2:00 PM Central Time**
- **Jan 17, 2024, 2:00 PM Central Time**
- **March 13, 2024, 02:00 PM Central Time**

# Required DTC Training

- The required annual DTC trainings will still be held virtually.

AM Sessions (9 AM to 12)	PM Sessions (1 PM to 4)
February 12	February 14
February 16	February 20
February 21	February 22

Watch Gov Delivery for registration information.

# Test Administrators/Test Proctors

- **Training Modules: On Canvas**
  - TA Modules will train **certified staff** for TA and TP duties.
  - TP Modules will train **staff and volunteers** for TP duties.
- **Roving Proctors**
  - Must rotate between test sessions every 15–20 minutes and cannot be assigned to more than **five** testing sessions at any given time.
  - Any room where test items will be read aloud must have a dedicated Test Proctor in the classroom with the TA.

# Precode

Eric Jones, Program Manager, State Assessments

# Precode Window:

November 15 to January 11, 2024

- Purpose: Automatically preload student information into testing vendors' systems. Eligible students missed in the Precode will require manual upload.
- Precode will be done in the Accountability Reporting App.
- The following fields must be accurate:
  - State Testing Number (STN)
  - First, Last Name (ensure names are spelled correctly)
  - Birthdate (ensure birthdate is accurate)
  - EL Status
  - IEP Status (EdPlan must be correct)
  - 504 plans are up to date in SIS
  - Grade
  - If a student is not showing as expected, first verify the STNs match between platforms

# Precode Rules: Grades 3-8 and 11

- If a student is enrolled in the same district during Precode and the testing window, the grade the student is in during Precode will determine what grade-level tests they take.
- If a student transfers to a new district between Precode and the testing window, the demographic overlay will determine the grade level that should have been assessed.
- For grades 3-8, if the assessment grade level is different than the end of year grade level enrollment for the student, there will be a conflict in AR during the assessment DVR window (either correct grade or provide explanation for why the grade level differs).

# Precode Rules: Grade 11

- Students who are enrolled in grade 11 when the Precode snapshot is taken in January will be included in Precode as a grade 11 student and are expected to participate in CCRA assessments.
- Districts may need to add students to the Cognia or ACT system manually if the student(s) were promoted after Precode or need to take one of the CCRA's for graduation purposes, including alternative education students.
- If a student transfers districts and is erroneously enrolled in the wrong grade, do not exit and re-enroll, correct in local SIS.

# Demographic Overlay File

- A snapshot of the demographic overlay report will be submitted to the vendor on **May 16, 2024**. Please ensure that the information in the Accountability Reporting application is correct and matches the information in your SIS prior to that date.

## Academic Achievement Indicator weights

- The proficiency portion of the academic achievement indicator award points across performance levels rather than just percent proficient or advanced.
  - Levels of basic, proficient, and advanced will earn .5, 1.0, and 1.25 points, respectively
  - Priority student group **Improvement Toward Expectations (ITE)** will contribute 7.5 points for ELA and math
  - The **Performance Level Snapshot (PLS)** will provide 7.5 points each for ELA and math

# Academic Achievement Indicator continued

- Academic achievement scale score targets for each subject, grade, and priority student group were calculated using data from Spring 2018, 2019, and 2021 administrations to establish new trajectories against long-term goals with an aspiration of meeting those goals by 2032.

**Table 5: Grade 5 English Language Arts**

Student Group*	**	Baseline	2022	2023	2024	2025	2026	2027	2028	2029	2030	2031	2032
Students with Disabilities	16.11%	262	266	270	274	278	282	286	290	294	298	300	300

English Learner	1.83%	285	288	291	294	297	300	300	300	300	300	300	300

- 1 Point awarded for students scoring at least proficient
- 0.95 points for students meeting their target but not yet proficient

# Minimum-n size

- The minimum number of students required to calculate an Academic Achievement indicator is 25 students in ELA or Math.
- Additionally, we will pool data across up to three years for schools that do not meet the minimum *n*-size threshold ( $\geq 25$  FAY students) in a single year.

# Report Card CVR Process Overview

# How data on the public dashboard is populated

- The Accountability Reporting application is populated through a school's locally selected Student Information System (SIS) via the Wave.
- Data displayed on the public Dashboard is populated with data in the Accountability Reporting application that is reviewed and validated through the Data Verification Review (DVR) and **Calculation Verification Review (CVR)** processes.

- Pursuant to [OAC 210:10-13-18\(c\)\(6\)](#), the **Data Verification Review (DVR)** process provides at least 15 calendar days for sites to review data and submit a data verification request as needed.
- Pursuant to [OAC 210:10-13-18\(c\)\(6\)](#), the **Calculation Verification Review (CVR)** process provides at least 10 calendar days for sites to review and certify the calculation of the performance grades for each report card indicator and to submit a CVR if the site determines that a different performance grade should be assigned because of the omission of certified student data or a data miscalculation.

# Data Verification Review (DVR) Requests

- Each DVR is researched and a resolution provided on the Appeals tab in the Data Requests tab.

The screenshot displays the 'Data Requests' interface. At the top, there is a navigation bar with tabs: Contact, School Data, Student Data, Reports, Conflicts, and Appeals. The 'Appeals' tab is highlighted with a purple border. Below this, the 'Data Requests' section is active, showing sub-tabs for 'Calculation Requests' and 'Conflict Resolutions'. A 'Year' dropdown menu is set to '2022', and a 'Search DVRs' input field is present. A table titled 'Records 1 to 7 of 7' displays the following data:

DVR TypeID	Name	Open	Info Required	Closed-Pending Manual	Closed-Pending Update	Closed	Total

# Calculation Verification Review (CVR) window

During this window, we ask that schools:

- Review student records to confirm that updates approved through each data verification review (DVR) process have been made (e.g., confirming that exit code was updated to 1921 for approved request submitted with transcript);
- Certify the calculation of each indicator score using the Accountability Reporting Toolkits; and
- Create a CVR to request a review of the data calculation for instances where the school district determines that a different score should be assigned because of the omission of certified student data, a data miscalculation, or special circumstances that might have affected the calculated score.

**Reminder: No updates to previously collected and reviewed data can be considered during this window.**

By clicking the arrows next to "SCORE", the bar calibrates relative performance. Relative performance reflects the range used to index scores for the SY 2017 minimum values correspond to approximately the second percentile and the maximum values correspond to approximately the 98th percentile. The bar displays where the points (top) earned are indexed based on their performance. Maximum and minimum values are shown below.

Model Type	Subject	Minimum Growth Score (0 Pts)
Elementary School (up to grade 6)	ELA	≤ 77.89
	Math	≤ 58.29
Middle School (up to grade 9)	ELA	≤ 71.52
	Math	≤ 53.67

ACCOUNTABILITY REPORTING APPLICATION | ACADEMIC GROWTH TOOLKIT

**Step 2:** Find where your school's subject score fits within the overall range.  
 $103.50$  (Earned ELA Score) -  $77.89$  (Min ELA Score for HS) =  $25.61$

**Step 3:** Divide the value found in Step 2 by the total range found in Step 1  
 $\frac{25.61 \text{ (Value from Step 2)}}{34.61 \text{ (Total Range)}} = 0.73995$  (percent of points)

**Step 4:** Multiply the percentage of Points earned by the Max Points Possible  
 $0.73995$  (% of points earned) X  $15$  (Max Points Possible) =  $11.099$  points earned for ELA

Repeat these steps for math. Your letter grade is found by summing your points for ELA and math and comparing your total points to the cut scores for your model type shown in the rubrics.

**The Letter Grade**  
Letter grade rubrics vary by model. The tables below show the cut scores based on Total POINTS earned, not the indicator score.

Elementary Academic Growth Indicator Letter Grade Rubric

A	25.755	30.00
B	18.567	25.754
C	11.256	18.566
D	4.896	11.255
F	0.00	4.896
