STATE SUPERINTENDENT OF PUBLIC INSTRUCTION  
OKLAHOMA STATE DEPARTMENT OF EDUCATION

### MEMORANDUM

**TO:** The Honorable Members of the State Board of Education

**FROM:** Joy Hofmeister

**DATE:** July 28, 2016

**SUBJECT:** Accreditation Recommendations for the 2016-2017 School Year

Attached for your information are the district accreditation recommendations of school districts and sites with deficiencies for the 2016-2017 school year pursuant to OAC 210:35-3-201. Also attached is a list of the school site designation, school site accreditation recommendation, and the corresponding A-F letter grade, as well as a list of districts and school sites with a warning or probation recommendation status.

These reports reflect the changes made last year in reporting districts. Districts are now reported separately based on the District's merits, excluding the site's deficiencies and/or designations. The sites are reported separately based on their own deficiencies and/or designations.

The following information is supplied to the members of the State Board of Education to allow a clarification of terms used to accredit schools:

Accreditation status of school districts and sites shall be classified as one of the categories listed below.

- Accredited with No Deficiencies-All standards are being met.
- Accredited with Deficiencies-A school district or site fails to meet one or more of the standards but the deficiency does not seriously detract from the quality of the school's educational program.

## JOY HOFMEISTER
